Legislation	SB 47 (see page 3)		SB 150 “Anti-Trans” Bill <ul style="list-style-type: none"> ● KIP Survey <ul style="list-style-type: none"> ○ Passive → Active Consent ○ Removal of Gender & Sexuality Questions ● School Staff <ul style="list-style-type: none"> ○ Cannot ask/initiate conversation ○ If told by student, must report to parent ○ GSA/LGBTQ support groups ○ Ky PES Legislative Updates - bills in yellow have been signed by the Governor as of 4/3
Action Items			

SB 47

3/14 Passed Senate Licensing and Occupations Committee with 8-3 vote and support of Majority Floor Leader Damon Thayer (R)

3/16 Passed the Senate with bipartisan 26-11 vote, the first time it has ever been given the opportunity for a floor vote in the chamber

3/30 Passed House with bipartisan 66-33 vote

- both parties are not 100% satisfied, agreed several changes need to be made, could be a completely different bill in 2024

- Wouldn't take effect until the start of 2025 to allow state health officials time to craft regulations to oversee the program
 - Cabinet for Health and Family Services would oversee program including regulations and licensing
 - License categories include three tiers of cultivators, producers, processors, safety compliance facilities, and dispensaries
 - 9 Member Board of Physicians and Advisors would be created (7 physicians, 2 advance nurse practitioners)
 - State Board of Physicians and State Board of Nursing would be responsible for certifying practitioners to recommend cannabis
 - Local government can opt out of allowing cannabis businesses to operate but citizens can petition to have their municipalities opt back in
 - Medical cannabis would be exempt from sales and excise taxes
- Medical cannabis could be prescribed for a list of conditions including cancer, multiple sclerosis, chronic pain, epilepsy, chronic nausea and post-traumatic stress disorder
 - A patient could also be eligible if diagnosed with any medical condition or disease for which the newly established Kentucky Center for Cannabis at the University of Kentucky determines through its data and research is "likely to receive medical, therapeutic, or palliative benefits from the use of medicinal cannabis."
- A person would have to be approved for a card allowing its use
 - A patient under 18 couldn't possess or acquire medical cannabis without assistance from a designated caregiver
 - Patients could possess a 30-day supply in their residence and a 10-day supply on their person
 - Patient registration would only last up to 60 day and initial visit must be in person
- Smoking marijuana would be prohibited but patients could still access raw cannabis for vaporization
- Home cultivation would not be allowed
- 355 THC cap on flower marijuana products
- 70% THC cap on concentrates

- Edibles cannot exceed 10 mg/serving
