**Medical cannabis legislation** – Overview via NKY ASAP

- Opt-out rather than an opt-in
  - county can opt-out but the city can still allow medical cannabis, it just can't be grown, processed or dispensed.
- No age limit on use. Prescription has to be purchased by a parent or caregiver over 18, but can be used by any age.
- License fees and violation fees go to state while taxes would go to local. None of this tax is designated to be used for education.
- Managed by ABC (Alcoholic Beverage Control). Required to issue at least a *minimum* by 2022 @ 1 per developmental district.
- No restrictions on flavored products which goes against Best Practice.
- Coalition will be putting out a **position statement**. Launi will send the statement out to everyone so members can review and address concerns.
- Local coalitions address this individually or will NKY ASAP lead this effort? Waiting to hear back.
- Because it can be taxed and you need a prescription, thinking it MIGHT not be going through insurance companies (still needs to be confirmed).

**Agency Announcements**

Free 2-weeks NRT available until the end of May 2021 for Grant County residents at 3 Grant County Drugs locations (Williamstown, Dry Ridge, Crittenden).

Carley, Robin, Breanna expressed wanting more information on medical cannabis.
